

HQT 45 Hour Class Aligning Instruction with the Ohio Math Content Standards - Extended Fall 2018

Course Description: This Professional Development will allow teachers to meet Ohio's Highly Qualified Teacher criteria in a specific content area. The format of this Professional Development is designed to create both value and convenience for participating teachers by allowing them to work independently while reflecting on their teaching practice and creating practical materials for future use.

The course is designed to: 1) Allow participating teachers to create practical application materials for classroom use. 2) Allow participating teachers to tie the mandated HQT teacher training to the district's goals related to student achievement. 3) Offer challenging and interesting content for both new and veteran teachers. Lastly, Compliment other training opportunities to enable participating teachers to build on the past and prepare for the future.
