We, here at Unique Like Me, welcome the New Year. In reflection of the first half of our school year, we found it to be very exciting. We welcomed our re-tuning districts Perry Local Schools,

Madison Local Schools, Broadmoor School and

Elizabeth is all smiles to be at Unique Like Me

Painesville City Local Schools.

It is our pleasure to have Mentor Public Schools join our program. The returning students stepped right back in without missing a beat and the new students have learned the routines quickly. Moving forward we will continue to reinforce skills, along with introducing some new vocational skills.

A Change in 2020

It is with great excitement that the Lake County Educational Service Center and The Geauga County Educational Service Center have merged forces to become one, The Educational Service Center of the Western Reserve. Our aim is to bring a stronger ESC to the region to support all school districts.

WOW! WOW! WOW!
We had a huge night in sales. This gave the students real working experience in a busy retail store. The students rose to the challenge and had an incredible night. We want to thank all of our students, staff and volunteers helping prior to

that evening with products, store preparation, baked goods and those who were there that night; they are the ones who made it the success it was!
